

Amendments to the Claims:

This listing of claims will replace all prior listings of claims in the application.

Listing Of Claims:

Claim 1 (currently amended): A control device for remotely controlling a controlled device, ~~connected to a network~~, comprising:

~~a display means for displaying~~ unit which displays a control panel of ~~said the~~ controlled device; and

~~a sending means for sending~~ communication unit which sends operation information representing a shifting history of a cursor displayed on ~~said the~~ control panel to ~~said the~~ controlled device.

Claim 2 (currently amended): A control device according to claim 1, wherein ~~said the~~ control device is a television and ~~said the~~ controlled device is a video ~~cassette~~ recorder.

Claim 3 (currently amended): A control device according to claim 1, wherein ~~said the~~ control device is a television and ~~said the~~ controlled device is a digital photo-album device.

Claim 4 (currently amended): A control device according to claim ~~1, 2 or 3~~, 1, wherein ~~said network is~~ the communication unit communicates with the controlled device via a serial bus based on conformed to IEEE 1394-1995 standard.

Claim 5 (currently amended): A controlled device controlled remotely by a control device, ~~connected to a network~~, comprising:

~~a sending means for sending~~ communication unit which sends a control panel of ~~said the~~ controlled device to ~~said the~~ control device, and receives operation information

representing a shifting history of a cursor displayed on the control panel from the control device;

and

~~a receiving means for receiving operation information representing a shifting history of a cursor displayed on said control panel; and~~

~~a control means for controlling~~ unit which controls a function corresponding to the operation information.

Claim 6 (currently amended): A controlled device according to claim 5, wherein said the control device is a television and said the controlled device is a video cassette recorder.

Claim 7 (currently amended): A controlled device according to claim 5, wherein said the control device is a television and said the controlled device is a digital photo-album device.

Claim 8 (currently amended): A controlled device according to claim ~~5, 6 or 7,~~ 5, wherein said ~~network is~~ the communication unit communicates with the control device via a serial bus ~~based on~~ conformed to IEEE 1394-1995 standard.
